

MINE SURVEILLANCE PRODUCTS

**COST EFFECTIVE,
RELIABLE, AUTONOMOUS
TECHNOLOGY**

Ensol Systems is committed to providing active and non-active mines with exceptional surveillance and safety equipment. Minimize theft and vandalism while ensuring site safety with any of our surveillance products. Let us be the single source for all of your surveillance needs. Ensol Systems is dedicated to offering unequalled technology and customer service.

Surveillance Cameras

As Axis partners and licensed Canon distributors we offer the highest quality cameras at the most competitive prices. Contact Ensol first and we guarantee the lowest prices on all camera systems.

Covert Enclosures

Our methanol fuel cell enclosures prove to be an industry favourite for remote power. These enclosures are cold weather rated and can be buried or hidden for immediate and long lasting power.

Pole Mounted Surveillance

Utilize our intelligent pole mounted surveillance unit for overt surveillance. Simply deploy the unit and begin instantaneous surveillance.

Built to Suit

Do you have a specific application that you need a solution for? Our background in R&D can help develop a suitable product to service your need!

Hybrid Surveillance Trailers

Rugged, dependable, quick deploy surveillance trailers for remote surveillance monitoring. Rated to -40°C and CSA certified, our trailers are designed specifically for portable surveillance.

"Ensol's surveillance trailers allow us to keep eyes on our assets 24/7, even in the harshest conditions."
